

THE LABEL APP

PROTECTS & INFORMS

Union labels protect your jobs, wages, and benefits - and the label app makes it easy to scan them and report unlabeled product. But the app does much more.

Use the app to:

- ▶ **Read news you can use** in the *Members' Journal* and union news.
- ▶ **Report jobsite issues** on safety and nonunion workers or materials.
- ▶ **Check the Sheet Metal Job Bank** for opportunities nationwide.
- ▶ **Link to SMART sites** on training, benefits, and more.

It's the critical tool for protecting you and giving you information you want and need.

Get the label app: Text **SMART** to **90975**
